

## SINGLE USE SECURITY

Tri-Fold disposable restraints are the most compact, easily carried and rapidly applied single use restraint on the market. Specifically designed to law enforcement standards, their wide, brightly colored straps have no sharp edges.

Tri-Folds are the first choice of US military and police rapid response teams. They carry and store smaller, yet open larger than other disposable restraints on the market. Their incredibly smooth, single tooth pull simultaneously tightens both straps. The Tri-Fold is stronger, more pick resistant and easier to remove than any other disposable restraint. The recessed identification plate has a textured writing surface.

The Tri-Fold hinge provides ergonomically correct restraint of a subject. It improves both control and comfort. The hinge increases strength of the Tri-Fold by realigning the angle of stress.

- A** Detachable Pull Ring
- B** Retaining Block
- C** Folding Hinge
- D** Fine Locking Teeth
