

FACTS

PRODUCT: SideBreak® Clip Scabbard

Rotating clip-on scabbards are designed for 2" or 2.25" belts.

Cases clip to any military belt and rotate to 12 distinct positions.

ADVANTAGE:

The ASP SideBreak Clip Scabbard overcomes the difficulties associated with traditional baton carriers. It is fashioned with the polymer technology of the finest firearms. The scabbard will not easily mar or show wear.

The SideBreak Clip attaches to a military or duty belt. A dovetailed insert adjusts to a 2" or 2.25" width.

SPECIFICATION:

- Polymer technology
- Wear resistant
- Retracted batons will not shake open
- Retains an expanded baton
- Side break presentation
- Steel retention bar
- 12 position rotation
- Hex Key holder
- Snap-on belt clip
- 2" or 2.25" width adjustment
- Patent 5,449,104
- Patent 5,617,980
- Patents Pending

PERFORMANCE:

No other expandable baton case offers the clip-on features of the SideBreak Scabbard.

SALES STRATEGY:

Demonstrate the compact size and multiple features of the scabbard against the "pouch" construction of other cases.
