

ASP FACTS

PRODUCT: Federal® Scabbard

The Federal Series retains a retracted or expanded ASP Baton. These cases are designed for those officers who prefer a closed front carrier.

Rotating Belt Slide scabbards are secure and lightweight. The scabbards rotate to 12 distinct positions.

ADVANTAGE:

Federal Scabbards overcome the difficulties associated with traditional baton carriers. They are fashioned with the polymer technology of the finest firearms. The scabbards will not easily mar or show wear.

These scabbards are low profile, lightweight, rotate to 12 distinct positions and retain retracted as well as expanded ASP Batons. Batons are held in the Federal Scabbard by a steel retention bar.

SPECIFICATION:

- Polymer technology
- Wear resistant
- Retracted batons will not shake open
- Retains an expanded baton
- Steel retention bar
- 12 position rotation
- Unitized belt clip
- Permanent attachment to the belt
- Sliding belt lock
- Hex Key holder
- Patent 5,449,104
- Patent 5,617,980
- Patents Pending

PERFORMANCE:

No other expandable baton case offers the retention features of the Federal Scabbard.

SALES STRATEGY:

Demonstrate the compact size and multiple features of the scabbard against the "pouch" construction of other cases.
