

ASP FACTS

PRODUCT: Training Bag

ADVANTAGE:

This premium quality striking bag is the original "light bag" for law enforcement defensive measures and impact weapon instruction. Its introduction pioneered the use of dynamic simulations in police training. It made possible the safe use of full contact strikes in a law enforcement training environment.

SPECIFICATION:

- Concave design
- Rounded edges
- Black impact weapon covering
- Poured finish
- Nylon mesh reinforcement
- Open cell foam core
- Offset handle for elbow protection
- Support strap
- Leather reinforced stress points
- Pressure release holes
- Perimeter pressure neutralization

PERFORMANCE:

Training Bags facilitate safe, dynamic countermeasures and baton instruction. They allow full impact strikes while training body mechanics, balance and stability.

SALES STRATEGY:

Compare the quality construction and durability of ASP Training Bags to other bags on the market.
