

ASP FACTS

PRODUCT: Training Baton and Carrier

ADVANTAGE:

The Training Baton and Carrier were designed for use with the ASP Training Bag. They allow the dynamic simulation of street confrontations. A safe training environment may be maintained while allowing full contact strikes in a controlled setting. The Carrier allows the Training Baton to be worn, drawn and secured during training drills.

SPECIFICATION:

- Wide, cushioned striking surface
- Foamed vinyl grip
- Hard rubber retention grommet
- Offset aluminum locking collar
- Flexible inner frame rod
- Protective tip disk
- Washable cover
- Replaceable foam core
- Cable tie cover retention
- Velcro® loop retention strip
- Variable width belt carrier
- Available in 21" and 26" lengths

PERFORMANCE:

Training Batons allow safe, dynamic impact weapon instruction. Carriers insure a safe, efficient training environment by allowing officers to retain batons during all phases of instruction.

SALES STRATEGY:

Demonstrate the superior cushioning effect of ASP Training Batons. Explain the benefits of the replaceable foam core and washable cover. Show the superior retention and rapid presentation provided by the Training Baton Carrier.
