

CORE COLLECTION

The dramatic presence of the Core Collection in a retail environment is the cornerstone of ASP sales to working officers. Each year the Core Collection presents a plan-o-gram of the best selling ASP designs together with a selection of exciting new products. Each Core Collection peg offers a guaranteed sale. The collection is an integral part of the ASP stock balancing program.

The freestanding design, textured black grid walls, full color Eagle graphic, category headers, 4" display hooks and laminated back tags present a self selling, turnkey presentation of the ASP product line. The display is a highly visible stand alone collection of the core products in greatest demand by the law enforcement community.
